Property Description

This stunning condo has a HUGE living area and kitchen complete with breakfast bar island. So much room in fact, that your whole family can hang out together and cook their favorite dishes! All 3 bedrooms have their own ensuite bathroom and the full length covered patio can be accessed from the living room or the master bedroom. Lucky owners will find tons of storage space in the form of beautiful custom made wardrobes and built-in cabinets, giving the home a very luxurious feel. This is a must see unit, because the view includes not just the pool and jacuzzi area but green space (with waterfall in the green season) that often attracts plentiful wildlife.
