Property Description

If modern homes aren't your style and you're searching for something truly unique, this one-of-a-kind property in Atenas' first-developed community is a must-see! Spread across three levels, this home offers space, comfort, and breathtaking views: Ground Floor: A large, enclosed double garage provides ample room for two or more vehicles. From the main entrance, step into a cozy living area, a guest bedroom, and a bathroom—perfect for visitors or a private retreat. First Floor: Designed to capture the property's spectacular views, this level features a spacious living area with access to a full-length balcony. The large kitchen, complete with a pantry, is perfect for culinary adventures. There's also a bathroom, a generously sized bedroom with a walk-in closet, and a unique home theater room, complete with a white projection screen and an optional projector. The floors, crafted from tropical hardwood, are in excellent condition and add a warm, natural touch.
