Property Description

Substantial square footage, tons of usable land for expansion and an amazing location: Casa Real is the total package! Tamarindo properties don't compare on value to this newer, quality build with all the amenities including your own walking and bike trail. Unless you need walking distance to the beach there's no need to pay Tamarindo prices when your exceptionally private and secure 1.53 acre (6,191m2) compound is just 8 minutes from the Tamarindo beach. Located in the desirable gated community of Rancho Villareal. This hidden gem has a fully integrated design across the entire property – including extensive privacy walls, covered parking and exterior storage – and exudes a warm, welcoming, secure, serene vibe 'away from the strip'. In addition to the bright and uncluttered flow of the property and large room sizes, over 1,000 sf of outdoor deck area with cabana and pool beckon friends, family or guests to sunbathe, swim and socialize in a calming, forested environment.
