Property Description

Terreno Especial para Desarrollo Inmobiliario en Curridabat. Located in a special development zone according to the municipality of Curridabat. The land has an excellent front to back ratio, with a 83.38 meter frontage to a high traffic public street. The land is flat with a very slight slope. Allowing high density and up to 7 stories high for being on the national road, which gives great profitability to the project, because it is located on the national street. The location of the property is privileged, close to train stops, universities and one of the areas with the highest added value in the eastern sector.
