Property Description

Lowest Price New Modern 'Walk to the Beach' House! \$195,000 This new 2 Bedroom home on a large 368m² (almost 4000sf) lot is the lowest priced home but still offering the best quality construction, beautiful design in a great location. Located in the new Beachfront community of Playa Organos, behind a private gate, the home is roomy and bright, while blending in with the verdant surroundings. The open plan combines the modern kitchen with the dining area that opens to the large outside deck. The bathroom is not only impeccable in its design, it also has an outdoor private shower, below the trees and nature. The Playa Organos beach is a jewel of the area, undeveloped and uncrowded with a long sandy beach and gentle waves, protected by the nearby offshore islands of Isla Tortuga. A short distance from this home is a small delicatessen with European foods and beverages and all you need for quick shopping.
