Property Description

This inviting A-frame home is located in a peaceful and private area of Cabuya, just three blocks from the beach. Its architecture blends rustic charm with modern comfort, creating a warm and natural living environment surrounded by greenery. The home offers a closed kitchen, two upstairs bedrooms, two full bathrooms, and both indoor and outdoor showers. The ample outdoor living areas sit within a lush garden filled with fruit trees and flowering plants that attract birds and local wildlife. Construction & Features Built in 2003 with concrete and steel, the home stays cool thanks to its shaded design. It includes a secure storage bodega, underground electrical wiring, septic system, and reliable internet connection. Recent upgrades include a new refrigerator (2024) and washing machine (2025). Location The property is in a safe, walkable neighborhood close to grocery stores, restaurants, and a nearby hotel with pool access.
