Property Description

Casa Perla is set on a stunning, titled oceanfront property overlooking Tamarindo Bay and Isla Capitán. Recently completed, the home features approximately 8,000 sq ft of high-quality construction. The developer and design/build team are seasoned professionals with a strong track record of delivering top-tier luxury residences in the area, and this home is no exception. The property offers six bedrooms, each with a full en-suite bathroom, plus an additional full bathroom by the pool and an interior powder room—ideal for both luxury living and vacation use. Every detail has been carefully considered, with no expense spared in finishes or features. A four-sided infinity pool overlooks terraced green areas flowing toward the ocean. The fully equipped gourmet kitchen is designed for both the accomplished home cook and professional use, meeting the standards of a private in-house chef. It opens onto a double-height living area with an indoor dining table seating up to 16 guests.
