Property Description

Lote Tres Palmas is a rare 1-acre ocean-view property in Playa Carrillo, offering elevation, privacy, and flexibility for multiple development options. Set approximately 1,300 feet above sea level, the lot enjoys refreshing breezes, sweeping ocean views, and a cooler microclimate compared to properties closer to the coast. One of the standout features of this property is its two distinct building platforms. The main, larger platform is ideal for a primary residence with panoramic views, while the secondary platform provides excellent options for a guest house, rental unit, or future expansion. Alternatively, the layout also lends itself well to subdivision, adding long-term investment potential. The property is truly build-ready and comes with significant value already in place: 1. Architectural plans for a 2-bedroom, 2-bath home designed by renowned award winning architecture firm Nagel SA.
