Property Description

Perched on a lush hillside above Tamarindo, Casa Angel del Mar is a one-of-a-kind contemporary tropical estate delivering sweeping Pacific Ocean and valley views, unforgettable sunsets, and a true sense of elevated coastal living. Completed in 2021 and recognized as a 2024 Best Building nominee, this residence offers an exceptional blend of privacy, architectural distinction, and effortless access to Tamarindo's vibrant beach lifestyle—just a short walk from the sand, dining, and boutiques. Spanning an impressive layout designed for both luxury living and high-performing rental potential, the home features 5 spacious en-suite bedrooms, a caretaker's room, a private gym, 6 full bathrooms, and 2 half baths. Soaring 25-foot teak ceilings, rich travertine flooring, and oversized industrial ceiling fans create a dramatic yet warm atmosphere, while expansive sliding glass doors dissolve the boundary between interior spaces and the surrounding tropical landscape.
