Property Description

Welcome to El Malinchito — a beautifully appointed ground-floor apartment that perfectly blends modern comfort with warm, artful character in the sought-after community of La Guácima, Alajuela. Set within the gated Boulevard los Malinches condominium, this 92 m² residence offers an open-plan living and dining area bathed in natural light, where large-format porcelain tile floors, designer pendant lighting, and thoughtful details create an inviting, curated atmosphere. The semi-open kitchen is a standout — featuring black granite countertops, a breakfast bar, warm wood-tone cabinetry, space for a French door refrigerator, and a window that frames a lush private garden view. The two bedrooms are comfortable and well-lit, each with ceiling fans and generous storage. The bathroom is finished in full-size beige ceramic tile with a walk-in shower. A defining feature of this home is its private patio and garden — an ample green space, with a gravel seating nook surrounded by lush hedges and bamboo fencing, creating a genuinely private outdoor retreat.
