Property Description

Some places are visited; others are experienced. This is one of those rare places. This property enjoys a privileged location just 750 meters from a protected stretch of coastline and an easy walk to the beach (Playa Buena Vista). The design, which utilizes the property's nearly 7 acres of lush landscape, was created with intention to complement and highlight the natural beauty of Costa Rica, allowing an immersive experience for guests. A centerpiece of the property is Haven, an impressive circular structure that serves as both a landmark and a gathering place. Inside, you'll find a full kitchen, four distinctive bedrooms, and a dramatic second-floor loft that creates an open, inspiring atmosphere. Pathways weave through mature gardens, connecting nine guest casitas that are spaced throughout the grounds with privacy in mind. Together, the accommodations provide 20 beds and 14 bathrooms, comfortably welcoming up to 24 guests, with the flexibility to host as many as 30.
