Property Description

Two lots located in a high end of Manuel Antonio, located near some of the best hotels such as La Mariposa Hotel, Makanda by the Sea, La Mansion Hotel, Issimo Suites, and El Parador Hotel. There are a total of two lots that are being sold together and the properties can either be developed together as one or separately as each lot has its own access. The lower property has great Ocean Views looking over the bay of Quepos and there is no specific zoning plans from the municipality regarding height restrictions. This is a great opportunity to build your ocean view home in Manuel Antonio, or two build separate villas as a boutique rental. The quaint beach known as Biesanz Beach is only a short walk away and Manuel Antonio Espadilla Beach is within walking distance as well.
