Property Description

Located at the top of the hill in Manuel Antonio with majestic mountain views, privacy and almost an acre and a half of land is Carpe Diem. The main house is an open concept, one-level floor plan with three bedrooms and two baths which flow to the large outdoor (covered) living area and pool. Below this is a comfortable one bedroom apartment, making the property a 4 bedroom, 3 bathroom. The apartment provides a multitude of options for an owner or additional tenants. The house is well constructed and very well maintained, not to mention stylish. There's a privacy wall along the roadside, a caretaker's apartment, secure off-road parking, and below the house and pool are two additional building sites, both with nice jungle and privacy. This makes the property apt for additional construction and even commercial usage such as a B&B or villa rental complex. All the construction, design and material selections are high quality and very tasteful.
