Property Description

This well maintained furnished home is walking distance to one of Costa Rica's most pristine beaches and ready to move into. Built to American standards this contemporary home features an open floor plan, 1,800 square feet of living space, granite counter tops, stainless steel appliances, custom ceilings and lighting, tropical landscaping and a 2 car garage; all on one level. The master suite is completely separated from the other two bedrooms - perfect for a family with children or when your guests visit. The covered patio expands the living area and is an enjoyable spot to enjoy the tropical gardens or grill up the delicious local seafood. The community is ideally located just 30 minutes from two of the central Pacific coast's vacation hotspots - Jaco and Manuel Antonio. Amenities include a tennis court, swimming pools and rancho with a barbeque area. The community is gated and offers 24 hour security - perfect for those who want to travel and not worry about their home when they're away or as a vacation home.
