Property Description

Have you seen the house at the Edge of the World? The name of this 3 bedroom home is certainly fitting; from the front porch it feels like the edge! Yet this unique home and 5000 square meter lot is less than 15 minutes from Dominical, in the upscale community of Lagunas. This property is part of a small, private gated neighborhood with a few full time residents and multiple rental cabins. The house features 2 colorful bedrooms downstairs and a huge master suite upstairs with a private porch. There are 2 full bathrooms and a half bath on the back porch for guests. With more than 200 square meters of total covered area, this house seamlessly flows from outside space to inside space. Even the kitchen is half in and half out. No doubt, this is one of the most unique houses on the market, artistically and colorfully renovated. There have been numerous additions over the years, both to feature the natural beauty, increase common space area and protect from the sun and rain.
