Great investment property for short term rentals or make it your home for a quiet, relaxing place away from city traffic and noise. It is off the beaten path slightly, but with a paved road and close enough to several local restaurants and a mini-mart to get a few essential groceries. Also, you will find an active expat community in the area. All cabins are fully furnished. Cabin #1 has a full size and remodeled kitchen & dining area, overlooking the pool and mountains, living room, bedroom, and bathroom w/shower. Cabin #2 (master suite) was built in 2016 by a very respected builder in the area. It has a spacious bedroom and sitting area (w/queen size Tempur-Pedic bed) A coffee station, for your morning coffee in bed, is close by, so there is no need to get in a hurry to get to the kitchen.
