Property Description

Gorgeous open air layout, 3 en suite bedrooms, pool, 2 wheel drive access, an additional building site, an unattached abode for security and housekeeping, and impeccably maintained, this property is perfect for the faint of heart. The house comes furnished with everything needed (some in duplicate) to either live in, rent out, or a combination of both. All furnishings, African, Thai and Indonesian artworks, pool and garden care tools, and kitchen items included. There are also 2 trundle beds on wheels that are stored under the beds for the rental business. So with the 1 King sized and 2 Queen sized beds, along with the 2 trundle beds, there is bedding enough for a small army. The present owner purchased the land and then oversaw the building back in 2008. The house stands in what looks to be near-new condition with no evidence of the interim years of use. The seller says that she "overbuilt" the house.
