Property Description

This property is 3.65 acres, it is a land with characteristics that provide a solid base ideal for building and enjoying the place in the privacy that we all want with a cement path, availability of electricity and water. THREE TERRACES READY TO BUILD. Incredible panoramic views, located in the hills of Atenas, the privacy and peace of the natural environment are exceptional. It is no coincidence that it is recognized worldwide as "the best climate in the world" and can be enjoyed throughout the year. Atenas has been chosen by a large number of foreigners who want to live in Costa Rica because it is a place that offers a privileged location; excellent private schools, supermarkets, restaurants and not too far from the airport, shopping malls, bigger supermarkets and even the beach.
