Property Description

Few properties that give people a perfect blend of luxury, beauty and convenience. However, this luxury home located in Uvita is one of such. It is well-positioned in a geographically rich hilltop community, a mere 5-minute drive from the coastal Highway and quietness of the environment compensates for the noisy outside world. This property has first-class community amenities like well-maintained internal road network, gated entry and exit, beautiful landscaping and garden, street lighting, proximity to schools, shops and transport facilities. This realty is a showcase residence in Costa Rica, a unique location close to the Pacific oceans where regular fantastic ocean views can be sighted. Aside from this, the rainforest vegetation and wildlife species are sights to behold! The property is bordered by a private nature reserve with ancient rainforest and a seasonal stream that provides a natural wildlife environment for monkeys and tropical birds with the Pacific Ocean breeze blowing and providing natural fresh air to property occupants.
