Property Description

Imagine waking up surrounded only by lush jungle, with the beautiful sounds of tropical birds and breezes enveloping you - and no neighbors in sight. Welcome to this exceptional investment opportunity in Costa Rica's real estate market - presenting Casa Mist, an ocean view villa where privacy and tranquility are absolute. Few homes for sale in Costa Rica combine Casa Mist's privacy and views with access to Guanacaste's best beaches. An idyllic, exclusive ocean club at Playa Azul is just across the street. Playa Marbella's famous surf break is just to the north; the jaw-dropping arrival of sea turtles at Playa Ostional is a short drive as well. And importantly, the Playa Guiones / Nosara area is just an hour to the south. This villa is perfect for those seeking privacy and seclusion, making it an ideal investment for wellness enthusiasts, adventure seekers, and surf lovers. There is also additional land for sale in the neighborhood that could be acquired to expand areas for development.
