Property Description

This is comfortable 3 bedroom 3 bathroom home located in Lagunas just outside of Dominical. It has a spacious open design that connects the living room area with the kitchen making it easy to host guests and family. There are beautiful views looking out over the Baru river Valley and the surrounding mountains from almost every window. Also wide open ocean views looking out over the Pacific in the Dominical area. You won't have to leave the front porch to experience nature. Just hang up the bananas and the jungle will come to you. This is a bird watchers paradise. Located just 10 minutes from Playa Dominical and other local beaches and activities. Also 20 minutes from Uvita our local commercial center and the world famous beach at the whales tail. There is room to build a swimming pool to the back of the house if needed. Buyers note; The seller has 2 other homes on adjacent connecting properties.
