Property Description

Nestled in the Southern tip of the Nicoya Peninsula lies the quaint surf village and popular beach town known as Santa Teresa. The town is composed of a beautiful blend between both local and foreign influence. Here you can find surfers, yogis, travelers, couples, and families mixed in throughout this remote and eclectic tropical coastline. Santa Teresa is a booming travel destination featuring world-class surfing points. The gorgeous white sand beaches stretch along the coastline and are perfect for long walks, sunbathing, spending time with friends and family, or catching the best sunsets this part of the peninsula has to offer. This amazing 5000 m2 property is truly a unique opportunity! With a breathtaking ocean view that encompasses a large part of the peninsula, it is one of the very few properties on the market in Santa Teresa offering such a view. The property is conveniently located just a 3 min drive away from town; close to the best beaches and restaurants in the area.
