Property Description

This beautiful Uvita house for sale is located on a lush tropical property just steps away from the beautiful Morete River. It's like living in your private tropical rainforest, surrounded by gorgeous mountains and tall trees. Along this scenic stretch of the river, a bird lover's dream, you'll find local wildlife such as toucans, monkeys, and the occasional sloth. There is also a nearby waterfall that is only a 15-minute hike up-river. This property features a 3-bedroom house and a separate guest home, which would be ideal for an investment opportunity, either as a bed and breakfast concept or rental all year long. The spacious decks and large windows add to the beauty of the house. Tasteful artist iron touches surround this home, starting with the front door and continuing throughout the house. The house has a large open living area on the main floor. The kitchen features custom cabinets trimmed with river pebbles, porcelain countertops, and stainless steel appliances.
