Property Description

You will love this new OPEN-CONCEPT bungalow. ONE FLOOR FULL...of gracious living! Spacious, and turn-key ready. Just bring your suitcase and start enjoying. Brand-new furniture and appliances are included. The property has spectacular mountain views from almost every angle. The bedrooms are wired and ready for air-conditioning units, but they are not necessary as wonderful cool breezes flow throughout the house, and the open-concept design allows for the warm air to rise-up and exit through the strategically placed windows at ceiling height. MEANT TO BE ENJOYED...Large covered patio with a built-in BBQ, perfect for entertaining friends for a summer cook out. The large sunny back yard has been landscaped with gorgeous colorful tropical flowers, and multiple fruit trees. There is plenty of room for you to add your planting as well - possibly a vegetable garden. Garden-side swimming pool allows you to exercise and relax in the privacy of your own backyard surrounded by beautiful tropical landscaping and magnificent mountain views.
