Property Description

Very well constructed home just a short distance from the new marina and the white sands of Manuel Antonio. No need to put up with the close neighbors and traffic of Manuel Antonio when you can own a piece of paradise with lots of room and no neighbors to close. Pictures do not do the home justice as this home is one of the nicest in an area close to Manuel Antonio. Owner has taken great pride in furnishings, decor, construction, maintenance of the property that includes the main home and a caretakers home on over 5 acres of land that can be subdivided and sold. Main home features 2 large master suites with sitting area and huge walk in closets. The living area has vaulted ceilings, open and airy, large kitchen that would make a chef envious and views of the Fila Chonta mountain range. Below is a separate apartment with living area as well as a kitchen. The outdoor covered sitting area is perfect for morning coffee or glass of wine at night.
