Property Description

Live within a 5 minute walk from one of the beautiful beaches of the area. This 3800 sq ft ocean view house has 4 levels on 1 acre of land. The master bedroom features a walk in closet, full bathroom, AC and fan. The living area, which includes a kitchen, dining room and living room is gigantic and has an open area concept. The house has a full apartment downstairs with a separate entrance. There are many fruit trees, a small rancho, pool and a full bathroom outside. There is a huge lookout room/loft on the top level that can be used as an extra bedroom or just to sit and watch the spectacular sunset. The house includes an attached garage/workshop that's great for a handyman and has a full locked secure room. An additional carport sits one level below the house. A few kilometers north is the emerging new commercial center of Uvita. Uvita combines services such as banks, pharmacies, supermarkets, business centers, hair salons, service stations and a medical center, while retaining a sleepy "beach and jungle" atmosphere.
