Property Description

Casa Selva is located at the base of Selva Armonia, one of the only truly sustainable communities in the Ballena Coast region. Sitting on 2.5 acres, the prime location allows for total privacy, uninterrupted ocean views and an amazing amount of animal and bird sightings. The home comes turn-key - everything is included, including a custom furniture and materials package. The property consists of two structures, both with ocean and sunset views. As you enter the main home, you will notice the variety of hardwood furniture and unique details that set this home apart from many. There is a spacious, open kitchen with a large island, energy-efficient appliances, custom wood countertop, cabinets and bar chairs. There is half-bath by the kitchen. The living room flows out into the outside patio and has a custom 3-piece sofa installation with the highest quality fabrics and custom lighting. Heading towards the outdoor living area, there is a large teak deck, six chaise lounge chairs to take in the epic ocean views and a large custom hardwood dining table that seats 12.
