Property Description

Attention to detail best describes this contemporary three-bedroom bungalow. As you pull up to the property the professionally landscaped front yard invites you in to see all the great features of this fabulous tropical retreat. The fine stone and tile work outdoors flows seamlessly through the front door into the open concept great room, with its eye-catching feature wall and sculpted wooden accents. Within the great room you will find a well-equipped kitchen with induction cooktop, high-end stainless steel appliances, quartz countertops and a large island. The great room also features an attractive leather sectional with lounge and a custom built solid wood dining room set. The master bedroom features a king-sized bed with custom solid wood seven foot tall headboard, which hides lots of storage space and a sliding mirror. With its huge shower enclosure, floor to ceiling tile work, multi-coloured LED lights and upgraded fixtures the master ensuite has everything you need to keep you looking and feeling your best.
