Property Description

Lot # 1 is our first home-site as you enter the community. The site is a natural layout with two plantels that allow for optimum creativity. As you look through the existing trees you'll see blue water views and a second story non obstructed ocean view. Making your way down to the quebrada, which borders the property, you're sure to notice a very old Ceiba Tree with its rich micro-climate expanding out into the sky. You'll also find abundant mature fruit and citrus trees present.
